PERSONAL STRENGTHS

In a few words please tell us a little about yourself, commenting on the core strengths listed below and why you believe you have these skills. You do not need to write comments under all skills listed, only those you believe that you have. We will then use descriptive language to describe each of your personal strengths. Keep in mind – your core strengths are separate from your skills listed earlier – these strengths are about what individual attributes make up your professional character.

Please try to add why you believe you have this skill, rather than just tick it.
